

Database Solutions, LTD. Announces Successful Showing at the 4th World Critical Illness Conference

Friday February 9, 4:00 pm ET

***New Business Prospects Are a Stepping Stone for a West Coast Regional Office**

TORONTO--(MARKET WIRE)--Feb 9, 2007 -- DATABASE SOLUTIONS, LTD. (Other OTC:DBSJ.PK - News), a Customer Relationship Management (CRM) and Technology Company for the Insurance and Financial Industry, is pleased to announce today that on January 25th thru the 27th Database Solutions exhibited at the 4th WORLD CRITICAL ILLNESS CONFERENCE held in Victoria, British Columbia, Canada. Due to the overwhelming response to the product demonstrations of the Company's CRM products and technologies, management has initiated plans to open a New Regional Office in Vancouver, British Columbia, Canada by the end of the first quarter.

About the World Critical Illness Conference

World Critical Illness is a Canadian-owned Company whose mission is to raise awareness of critical illness insurance and to enhance knowledge and sales by providing dynamic tools to producers to enable them to take their critical insurance production into yet another level of success. In presenting this product to clients, the producer will not only benefit financially, but will also have the satisfaction that comes from providing great client service i.e., protecting a client from impending financial ruin. The Company offers producers support such as the World Critical Illness Conference™, The Critical Vision System™, CDs, videos and other educational materials. For more information visit our Web site at www.criticalinsurance.ca.

Mr. Jason Wong, Chief Executive Officer for Database Solutions, LTD., stated, "The success of attending the 4th World Critical Illness Conference can only be described as amazing and I would like to thank all of those who attended our booth." Mr. Wong continued by stating, "An overwhelming positive response from visitors at our display, which included an impressive multimedia presentation, will certainly keep our sales force very busy over the next two months."

About Database Solutions, LTD.

Database Solutions, LTD. is a technology and marketing company in the on-demand Customer Relationship Management (CRM) industry and the software developer of Agent Intelligence. Database Solutions' Agent Intelligence Technology is a proprietary browser-based software and was designed specifically for the insurance and financial industries to provide backend administration of insurance policies, financial transactions, client tracking and client marketing/selling strategies for an entire insurance brokerage or insurance company. The Company's family of products includes a comprehensive suite of CRM applications to help enterprises of all sizes, industries and geographies meet the

complex challenge of sharing and managing information on-demand. Unlike other insurance administration systems currently on the market, Agent Intelligence focuses on the needs of the broker by simplifying their business while eliminating the paper administration involved in tracking their clients to increase sales. By automatically tracking all events along the lead development process an agent and/or manager is able to see any weaknesses in an agent's selling process. Automated reports critical to both management and agent are automatically available through the use of the Agent Intelligence System. Agent Intelligence is 100% browser based and requires no hardware or software installation. The Agent Intelligence user also immediately benefits from complete upgrades and on-demand customization.
