

Database Solutions, LTD. Announces Successful Showing at the LAMP 2007 Conference
Wednesday April 4, 7:30 am ET

New Worldwide Business Prospects Are a Stepping Stone for Global Expansion

TORONTO--(MARKET WIRE)--Apr 4, 2007 -- DATABASE SOLUTIONS, LTD. (Other OTC:DBSJ.PK - News), a Customer Relationship Management (CRM) and Technology Company for the Insurance and Financial Industry, is pleased to announce today that on March 18th through March 20th Database Solutions successfully exhibited at the LAMP 2007 Conference held in Toronto, Ontario, Canada.

With over 43 of the top insurance and financial services firms in the world as members, 10 of which are on the fortune 500 list, Database Solutions had the opportunity to demonstrate the company's family of CRM products and Agent Intelligence online on-demand solution to agencies through out the United States, Canada, Mexico and overseas. Due to the overwhelming response from show attendees, Database Solutions has commenced product evaluations with exciting prospects showing excellent business potential worldwide.

About the LAMP 2007 Conference

LAMP 2007 is organized by GAMA International (www.gamaweb.com), the only association dedicated to promoting the professional development needs of managers in the insurance and financial services industry. GAMA International is the only volunteer organization that focuses on the agency building tasks and skills of successful career agencies/firms. GAMA International's mission is:

TO ADVOCATE the value-added role of field leadership in the ethical distribution of financial products and services.

TO SERVE the professional development needs of individuals and companies engaged in building the distribution of financial products and services.

TO ACT as a catalyst to connect companies and distribution management in the insurance and financial services industry.

Mr. Jason Wong, Chief Executive Officer for Database Solutions, LTD., stated, "The success of attending the LAMP 2007 Conference can only be described as amazing and I would like to thank all of those who attended our booth." Mr. Wong continued by stating, "The interest shown by companies all around the world has certainly given Database Solutions the incentives to pursue a global market."

About Database Solutions, LTD.

Database Solutions, LTD. is a technology and marketing company in the on-demand Customer Relationship Management (CRM) industry and the software developer of Agent Intelligence. Database Solution's Agent Intelligence Technology is a proprietary browser-based software and was designed specifically for the insurance and financial industries to provide backend administration of insurance policies, financial transactions, client tracking and client marketing/selling strategies for an entire insurance brokerage or insurance company. The Company's family of products includes a comprehensive suite of CRM applications to help enterprises of all sizes, industries and geographies meet the complex challenge of sharing and managing information on-demand. Unlike other insurance administration systems currently on the market, Agent Intelligence focuses on the needs of the broker by simplifying their business while eliminating the paper administration involved in tracking their clients to increase sales. By automatically tracking all events along the lead development process an agent and/or manager is able to see any weaknesses in an agent's selling process. Automated reports critical to both management and agent are automatically available through the use of the Agent Intelligence System. Agent Intelligence is 100% browser-based and requires no hardware or software installation. The Agent Intelligence user also immediately benefits from complete upgrades and on-demand customization.
